## Summary

Enthusiastic Data Analyst with a strong background in mathematics and a passion for accuracy, aptitude for clear communication, penchant for solving complex problems, and drive for developing actionable insights to cultivate success. Talent for converting complex data into palatable stories.

## Technical Skills

Excel - Functions, Pivot Tables, Visualizations, Analysis, VBA Scripting

Databases - PostgreSQL, SQLite, SQLAlchemy, MongoDB, SAP

Languages - SQL, Python, JavaScript, CSS, HTML, VBA, R basics

Libraries - Pandas, Matplotlib, Flask, NumPy, Plotly.js, D3.js, Leaflet.js, tidyverse, ggplot2

BI Software - Tableau

Data - JSON, GeoJSON, AWS – RDS, S3 Buckets, Pyspark, Hadoop

Tools - GitHub, VSCode, pgAdmin 4, Jupyter Notebook, Quick DBD, RStudio, Google Colab

Statistics – Descriptive, Supervised ML - Logistic/Linear Regression

## Projects

**Airbnb** | <https://github.com/markm3690/AirbnbAshevilleNC>

Cleaned and analyzed web-scraped data using the Data Analysis workflow for current prices, listing size, capacity, location, host data, and more to extract insights and communicate a basic pricing structure for new hosts to kickstart and update existing listings. Excel, PowerPoint Presentation.

**Lyft – Bay Wheels** | [https://github.com/markm3690/Baywheels\\_SF](https://github.com/markm3690/Baywheels_SF)

Queried SQL database to analyze data from ~5 million rides spanning 2.5 years to present suggestions for distribution, maintenance, and bike models based on user type, trip length, dock capacity, and frequency of travel. PostgreSQL, pgAdmin 4, Excel, PowerPoint Presentation.

**NASS Honey Bees** | <https://public.tableau.com/app/profile/marshall3619/viz/NASSHoneyBees/HoneyBee>

With Tableau, I built and published an analysis from a Honey Bee data set provided by NASS. Implemented detailed data visualization strategies to create two interactive dashboards tracking health and economy. Culminated in a 10 minute peer presentation using Story mode in Tableau.

## Education

**University of Denver** Denver, CO

2022

**Data Analytics & Visualization Boot Camp Certificate**

24-week intensive program focused on gaining technical programming skills in Excel, VBA, Python, R, Web Scraping, HTML, CSS, JavaScript, SQL Databases, Tableau, Big Data, and Machine Learning.

**General Assembly** London, UK

2022

**Data Analytics Certificate**

10-week program focused on completing thorough analysis on a range of data sets from superstore to rideshare, government, and science. Skills in Excel, SQL, Tableau

**L'institut de Touraine** Tours, France

**2010**

**French Language Study**

Immersive and Intensive 8-week study of French Language and culture.

**Mississippi College** Clinton, MS

**2008**

**B.S. Mathematics**

Emphasis on complex problem solving and applied mathematics. Calculus I-IV, statistics, modern geometry, topology, linear algebra, discrete mathematics, modern algebra, differential equations, trigonometry, physics, chemistry. Business minor. Cum Laude, Honors, Pi Mu Epsilon.

## Experience

**Assistant Store Manager**

**2017-2022**

**Natural Grocers by Vitamin Cottage** Golden, CO

Manage a store with 34 employees. Persistent, proactive, and daily strive for operational excellence. Boost morale through daily huddles and monthly meetings to maximize employee retention, job satisfaction, and efficiency. Focus and drive to accomplish sales goals, meet deadlines, merchandise product, and display promotional materials effectively. Scheduling, Recruiting, Leadership, Training, Mentoring, HR Best Practices, Conflict Resolution, Conference calls, Sales calls, Inventory Management, QRG's and much more! Daily use of SAP to track and manage inventory, reconcile P.O.s, monitor sales, and improve operations. Performed monthly analysis of top and bottom sellers using BEX. Improved sales 9-30% over previous year in produce department and 4-8% store-wide through merchandising, accurate ordering, and world class customer service. Region's best monthly performer for meeting COGS goal. Noted for reliability and work ethic. Exceeded expectations. Recognized for exceptional people skills resulting in robust customer loyalty. Praised for team building and motivational skills. Promoted within two months of hiring and up for promotion again the following year.

**Horticulturist**

**2016-2017**

**Harmony Gardens** Golden, CO

Successful full season growth and propagation for organic fruit and vegetables. Engineered irrigation systems and crop layout designs. Organic composting, fertilizing, and pest management best practices lead to abundant and delicious produce. Harvesting, communication, and distribution of yield. Promote community involvement and hype. Focus on building healthy soil.

**LTP Trail Crew Leader**

**2014-2015**

**Green Mountain Club** Waterbury Center, VT

Build and maintain Vermont trail systems. Manage food, team, and supplies. Lead volunteer crews on spike camps, 4 nights/5 days a week. Project development, management, and leadership. Tracking time management, safety assessments, lead training activities and wilderness ethics discussion.

**Lead Technician**

**2012-2014**

**Polaris Laboratories** Salt Lake City, Utah

Lead night crew to test and analyze oil samples according to rigorous scientific testing. ICP-AES, Acid/Base titrations, Viscosity, Particle Count, Particle Quantifier, Brix, etc. Through managing time and troubleshooting equipment, I ensured the team met test quota while confirming accuracy.
